Dive into the world of luxury and performance with the all-new 2023 Porsche Cayman GT4 RS. A testament to Porsche's commitment to engineering excellence and unparalleled design, this car is the result of Porsche's GT department's audacious vision.

Engine: At its heart lies the stupendous 4.0-litre, naturally aspirated, flat-six engine, borrowed from the iconic 911 GT3. This engine transforms the Cayman into the GT4 RS, a dream come true for Porsche enthusiasts.

Performance: With a staggering 493bhp, the GT4 RS accelerates from 0-62mph in just 3.4 seconds and reaches a top speed of 195mph. Its prowess is further proven with a Nürburgring lap time of 7mins 4.511sec, a whopping 23 seconds faster than the standard GT4.

Sound: The GT4 RS is not just about speed; it's an auditory experience. Its roar is akin to thick treacle poured into your ears, followed by a wasp colony's buzz. The crescendo from 7,000 to 9,000rpm is pure eargasm, making every drive an unforgettable concert.

Exterior: The Cayman GT4 RS boasts a sleek Nardo Grey finish, perfectly complementing its aerodynamic design.

Wheels: Unique Blue Weissach wheels add a touch of flair and distinction.

Interior: A luxurious black and blue interior awaits, meticulously crafted for the ultimate driving experience.
